

My Time, Our Place Framework

Week 6, Term 1, 2022

WEEKLY GOAL:

For children to become aware of sustainable practices they can be a part of, and to think about how to make sure they contribute positively to their environment.

FOCUS OUTCOME/S:

Children are connected with and contribute to their world

- Children become socially responsible and show respect for the environment

Children are effective communicators

- Children collaborate with others, express ideas and make meaning using a range of media and communication technologies

FOCUS PRINCIPLE/S:

High expectations and equity

- Children progress well when they, their parents, educators and the community hold high expectations for achievements and contribution to the society

FOCUS PRACTICE/S:

Learning through play

- Play provides a supportive environment where children can ask questions, solve problems and engage in critical thinking. Play can expand children's thinking and enhance their desire to know and to learn.

WEEKLY STATEMENT

With Clean Up Australia Day falling on the weekend, we have decided that this week our theme will be based around sustainability. Children will have the opportunity to engage in craft and other activities that will hopefully spark discussions around littering, sustainability, and what we can do to ensure we are positively contributing to our environment. Children will also create pieces of art and displays to demonstrate what they have learnt and teach this to others.
